## THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

JANUARY 29.

Gov. Taft will take the oath of office as Secretary of War Monday.

The Supreme Court of Minnesota quashed the indictment against former Mayor Ames of Minneapolis.

The reaction came in the cotton market yesterday and prices went down 50 points on the rush to liquidate.

The bill creating the county of Beckman passed the Kentucky House yesterday and goes to the Governor for approval.

The Iroquois Theater disaster will be made the subject of an investigation by a special grand jury in Chicago at an early date.

The Kentucky State Horticultural Society yesterday re-elected its officers, President Moses F. Johnson, of Bathurst, being unanimously re-elected.

It is believed in Washington that Gen. Rodd Duke can name the next Pension Agent for Kentucky. Patrick H. Darby, of Princeton, is the latest candidate.

Capt. Benjamin Cave Milam, a veteran of the Mexican War and the manufacturer of a noted dishing reel, died yesterday at Frankfort. He was a eighty-two years old.

The Senate yesterday passed the Cuban resolution calling on the President to furnish the facts about Paraguai, with the Republican proviso, if he wants to.

Lake Michigan has a last frozen over and navigation is blocked. The average temperature for December was 5 below normal and for January 4 below, which was only exceeded in 1876.

Minister Buchanan leaves Panama Tuesday and will resign as soon as he reaches Washington. W. W. Russell, secretary of legation at Caracas, will probably be appointed to succeed him.

Capt. J. H. Chaffee has recommended to the Secretary of War that \$2,000 be appropriated for the purchase of four camp sites for army inmates. West Point, Ky., is named as the desirable location for this section.

One hundred and fifty bodies have been recovered from the Harwick mine at Chewick, Ia. The remainder are buried in debris and will not be recovered for several days. Mine inspectors believe the explosion was caused by a defective shot.

A statement from the British Ambassador at St. Petersburg to the effect that the reply of Russia and Japan will be satisfactory has been called to Washington from Tokyo by Minister Griscom. Reports from other quarters are not so sanguine that the response of Russia will be productive of a settlement of the dispute.

JANUARY 30.

Representative Sherley introduced a bill in the House yesterday to establish a permanent army camp site at West Point, Ky.

The United Mine Workers of America have voted \$5,000 for the immediate relief of the victims of the Harwick mine explosion in Pennsylvania.

The report cabled to Washington by Minister Griscom to the effect that the British Ambassador at St. Petersburg had asserted that Russia's reply to Japan would be satisfactory does not seem to have been warranted by the facts of the negotiations at St. Petersburg. It is stated at St. Petersburg that Russia's reply has not been forwarded and the prevalent opinion at Tokyo is that it will not be satisfactory to Japan.

## Democratic Ticket.

For President in 1904:  
JUDGE ALTON H. PARKER,  
— or —  
SEN. ARTHUR P. GORMAN.

Indications point to the selection of A. T. Ward, of Mt. Sterling, as Pension Agent for Kentucky.

A bill will be passed by the Kentucky legislature prohibiting whites and negroes from attending the same school. Berea College is the only place where this is practiced in Kentucky.

A bill was introduced in the House providing for a settlement between the United States Government and the States concerning public lands. The State of Kentucky interested to the extent of \$1,433,767.39, there is \$60,234 due Indiana and \$1,433,557 to Tennessee.

The Legislature is trying to rent just some eastern Kentucky Circuit Court districts. The various propositions are as follows, with no decision yet reached on any:

Brentwood, Knott, Wolfe and Magoffin.

Floyd, Knott and Letcher.

Johnson, Martin and Pike.

Chairman Dudley W. Gardner has issued a call for a meeting of the Democratic committee at Paintsville, February 5, for the purpose of selecting the time, place and manner of nominating a candidate for congress in this district. Congressman Hopkins, C. B. Hill and John E. Cooper are mentioned as candidates.

The Kentucky Senate has passed a bill appropriating \$15,000 annually for the re-establishment and maintenance of the Geological Survey. There is not a more important or meritorious measure before the Legislature. A greater mistake was never made by the State than when it established this bureau. Every progressive State has such a department and investors depend largely upon its reports in deciding upon investments.

Kentucky has more undeveloped wealth than almost any State and should have a geological department to make accurate reports, such as will command the attention of capitalists.

The News takes pleasure in endorsing what the Kentucky Democrat says of a worthy native of our country:

Attorney Jno. W. Woods, of this city has announced his candidacy for delegate to the Democratic National Convention, to be held at St. Louis, July 6, 1904, from this Congressional district.

There is no man in this part of the State who stands higher in the estimation of his party and friends than this gallant, hardy young disciple of Blackstone. Mr. Woods has served his party faithfully since even before he attained his majority, and at the present time is chairman of the Democratic City Committee, in which position he rendered his party valuable service during the last campaign; and it was to his credit that Ashland made the best showing in its history for the party.

Although Mr. Woods was born in Lawrence, our sister county, he adopted Boyd and our city several years ago, where he has made many warm friends, not only in his party, but in society as well, and they will all join the Democrat in pulling for his success.

I had a very bad cold for three years. Then I took Ayer's Cherry Pectoral. My son's lungs were soon healed and my cough dropped away.

Mrs. PEASL BYRD, Guthrie, Ky.,  
Says, "Ayer's Cherry Pectoral, My son's lungs were soon healed and my cough dropped away."
